

# Art at Arnewood

Without art the world would be a very boring place. Look around you, everything manmade has been designed, from the chair you're sitting on to the clothes you're wearing, even your favourite video game or social media site have all been developed and created by some type of artist.

Art is a vast subject, it covers many different skills, techniques and mediums. During your time at Arnewood you will get to explore lots of these. But for now, we'd like to see your ideas and creativity.

## Task

We would like you to design a banner to go on display in our art department. This can be by;

- Copying the style of an artist
- Creating a pattern
- Creating an image of your interests

Feel free to use any medium you like, paints, pens, pencils or anything else that might compliment your design.

It would be great if you could tell us about your design by writing on the back of your banner.

- What materials and techniques did you use?
- Who or what inspired your idea?
- What did you enjoy about this task

Is there anything else you would like to tell us about your design?

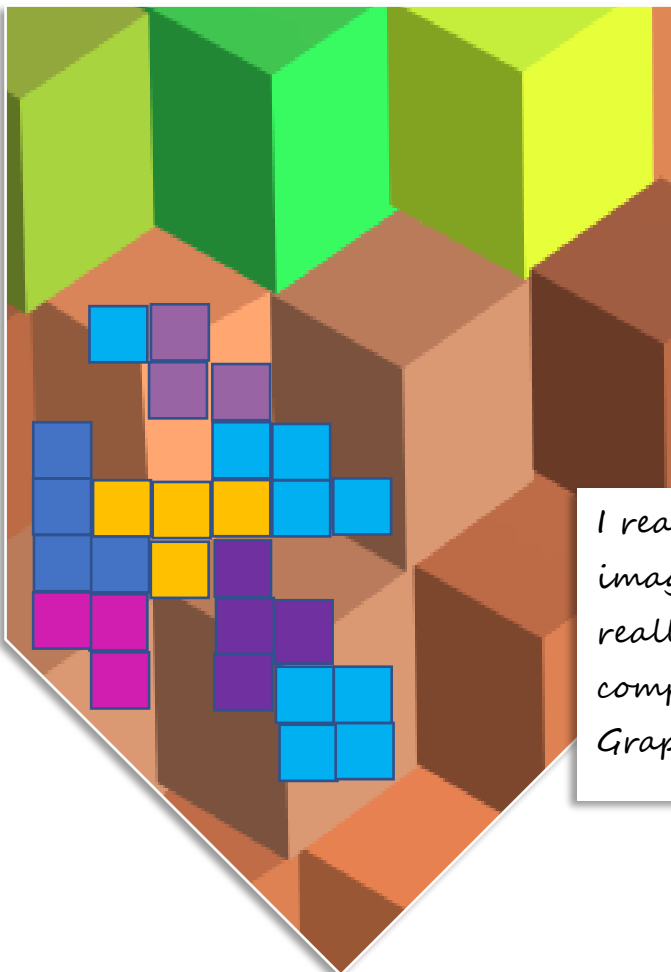

Remember you don't need to be good at drawing to be creative!

# Examples

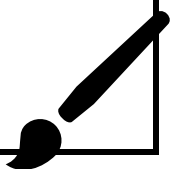

This is my pattern. I used lots of different mediums and colours to make it more interesting.

I decided to copy the style of an artist called Hattie Stuart. I really like the bright colours she uses and the funny doodles. I used cut up paper and pens.

I really like gaming, so I chose to use images and shapes of my favourite games. I really enjoyed this task as I did it on my computer. I think I would like to be a Graphic Designer when I leave school.
